

## **Sprint 2 Report - SlugStocks - Slug Stocks, Nov 1st 2022**

- **Actions to stop doing:** Stop not taking tasks on the board

- **Actions to start doing:**

Setting up times for group meetings and code reviews to make sure everyone understands the code

Have more specific/broken down tasks so people don't feel as daunted when facing some of the bigger problems by themselves

- **Actions to keep doing:** We want to keep communicating on discord as it keeps us all up to date with the things that are happening and what people are working on/doing. Using the miro board for tasks has also allowed for more independence in working and doing tasks.

Have more specific/broken down tasks so people don't feel as daunted when facing some of the bigger problems by themselves

- **Work completed**

**User Positions page with the stocks they currently own, Buying and selling of stocks, Searching up stocks**

**/not completed:**

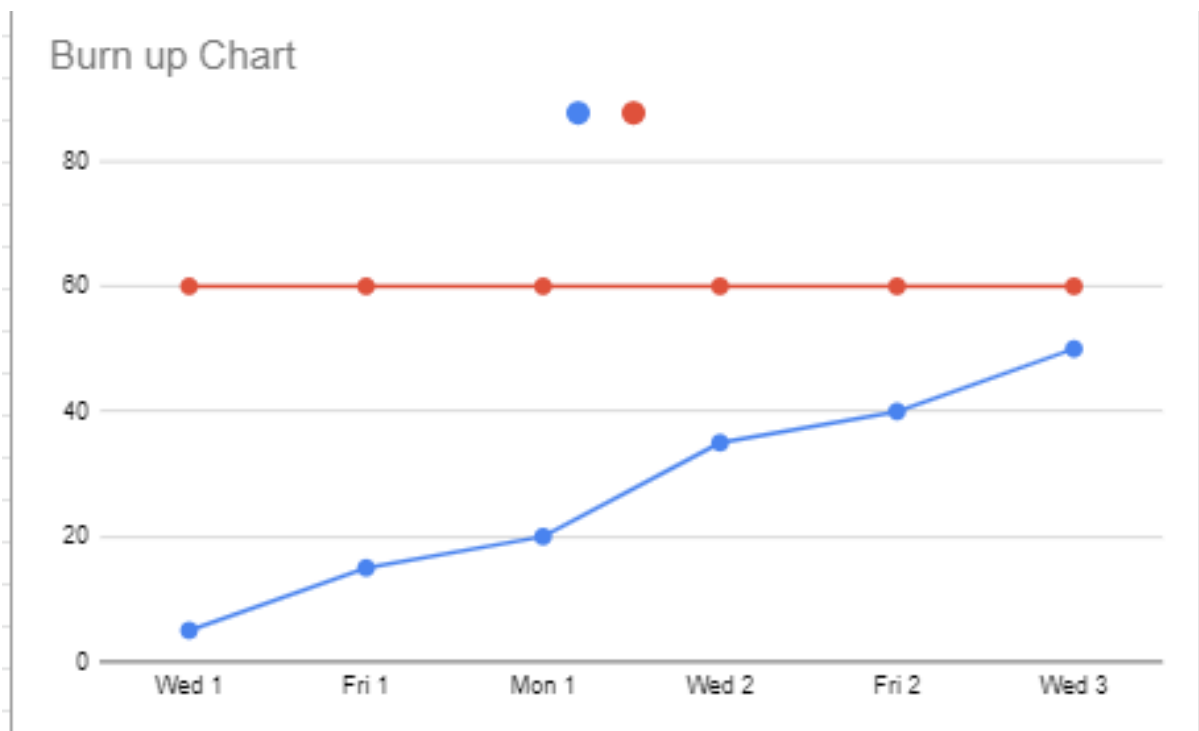

*Graphs of user total account value over time*

*News integration on stocks searched and owned*

- **Work completion rate:** Ideal work hours total:~60, Total number of days during the prior sprint: ~14. For the previous sprint, the user stories/day: ~1 and ideal work hours/day:

~4 per day. figures should be reported.

Goals for this sprint were more realistic than last time and a majority of the user stories were implemented.
