

Sprint 4 Report - SlugStocks - Slug Stocks, Nov 29th 2022

- **Actions to stop doing:** Stop not taking tasks from on the board

- **Actions to start doing:**

Lay out clearer tests when developing and planning so that what gets accomplished is what we really wanted to do

- **Actions to keep doing:** Communicating on discord as it keeps us all up to date with the things that are happening and what people are working on/doing. Using the miro board for tasks has also allowed for more independence in working and doing tasks.

Have more specific/broken down tasks so people don't feel as daunted when facing some of the bigger problems by themselves

- **Work completed**

Favorite Stocks List,

Variable Length Dates for graph,

News on Stocks you own, not just ones you're looking up.

Seeing active orders and having the option to cancel your order,

Setting thresholds on sellings stocks that get above or below a set threshold.

More aesthetic changes to how news and other features are shown

/not completed:

Buying when below a threshold (was not a priority feature)

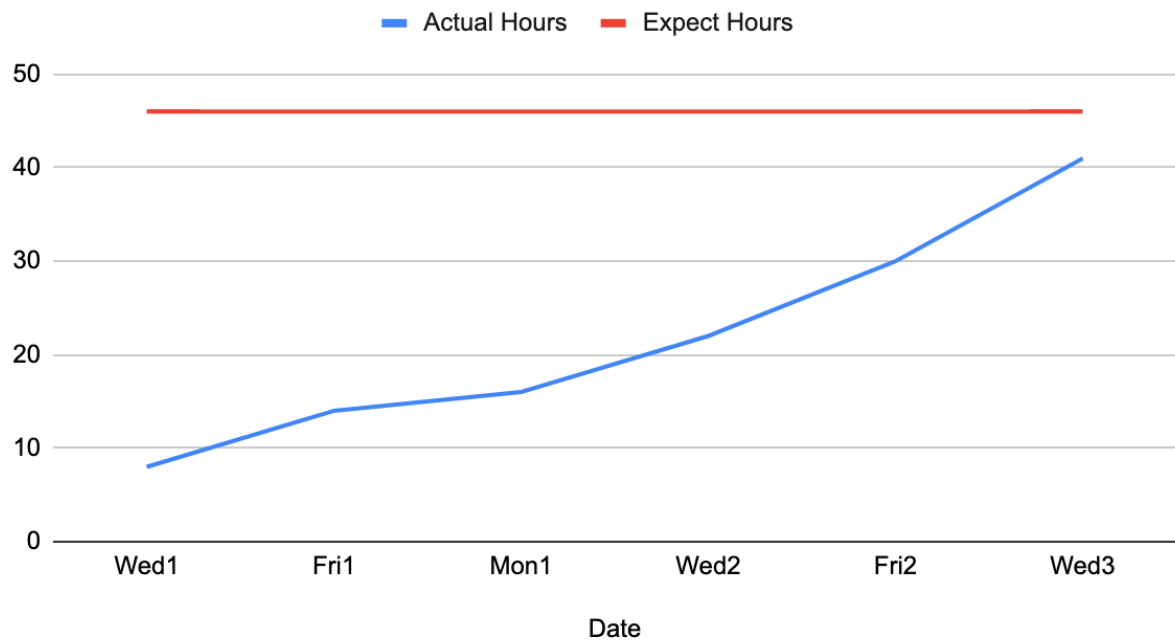

Remote Server

- **Work completion rate:** Ideal work hours total:~46, Total number of days during the prior sprint: ~14. For the previous sprint, the user stories/day: ~.5 and ideal work hours/day:

~3 per day. figures should be reported.

Goals for this sprint were more realistic as a majority of the user stories were implemented.

Actual Hours and Expect Hours
