XXX = Done
Stories:
- XXX As a user I want to be able to login so that I can access my private investment information
- XXX As a user I need to be able to add funds/connect account so that stocks can be traded
- XXX As a user I want to be able to buy and sell stocks so that the platform has a use
- XXX As a user I want a portfolio with statistics on how my investments are going so that users can track their success
- XXX As a user I want to see articles/news on the stocks I'm trading and the expected change in the stock given the articles contents so that I can stay in the know about the most important news surrounding my investments
- As a user I want to be able to have friends and see their investments so that I can compare and contrast the stocks we are trading
- As a user I want to get recommendations on stocks to buy and sell so that I can be more successful
- As a passive user I want to be able to let a AI trade on my behalf automatically so that I can be more successful on the platform
- XXX As a less experienced user I want to be able to set my own personal rules to trading stocks (selling when heading above or below a threshold) so that I can be more successful on the trading platform
- XXX As a user I want to be able to see and manage my active orders so that I can be in control of my investments
- As an experienced user/computer scientist I want to be able to choose from a marketplace of different algorithms or my own to be more successful
